

The image shows a desktop environment for Bookworm Pup64. The desktop background is a teal-colored geometric pattern with the Bookworm Pup64 logo and text. On the left side, there are four icons: File, Term, Browse, and Trash. At the bottom left, there is a clock showing 10:25 AM and a status bar with icons for network, volume, and other system utilities. On the right side, there is a system information panel with the following data:

System

Upcoming Retirements on Sept 30, 2025:

- Basic Load Balancers and SKU: Upgrade existing Basic Load Balancers and SKU to Standard. To avoid disruptions post-upgrade, do not rename the load balancer during the upgrade. For more information, see the [official announcement](#) or read our [upgrade by name guidance](#).
- Default Outbound Access for Private IP VMs: Find out how you can [configure your outbound access here](#) for your VMs to ensure continued access.
